# SPECIALIZED TRAINING PROGRAMS

## - for Suppliers & vendors

Pertecnica Engineering leads India's employee training domain, excelling in specialized vendor and supplier management training. Our dedicated services focus on empowering professionals with the skills and strategies necessary to build robust supplier relationships, streamline processes, and optimize supply chains. Through immersive workshops and comprehensive modules, we cover vendor selection, negotiation tactics, performance evaluation, and risk mitigation.

### Employee Trainings for Suppliers & vendors

#### Supplier Relationship Management Fundamentals:

- Understanding the importance of supplier relationships and their impact on business.

#### Vendor Selection Criteria and Process:

- Techniques to identify and evaluate potential vendors aligned with organizational needs.

#### Negotiation Skills for Procurement Professionals:

- Strategies and tactics for effective vendor negotiations.

#### Supply Chain Risk Management:

- Identifying and mitigating risks associated with suppliers and vendors.

#### Contract Management and Compliance:

- Ensuring adherence to legal requirements and optimizing contract terms.
