ABOUT US

Welcome to Pertecnica, your gateway to skill elevation! We specialize in providing targeted training for employees, equipping them with the tools to excel in their roles. Our expert-led programs ensure a seamless blend of theory and practical application, fostering continuous growth. At Pertecnica, we don't just train; we empower professionals for success in today's fast-paced work landscape.

SPECIALIZED TRAINING PROGRAMS

- for technology integration

Pertecnica Engineering stands as a premier leader in India's employee training realm, specializing in technology integration training to equip professionals with cutting-edge skills. Our dedicated services focus on bridging the gap between evolving technologies and operational workflows. Through immersive workshops, hands-on sessions, and tailored modules, we cover diverse aspects such as software adoption, system integration, and leveraging emerging tech trends.

Employee Trainings for technology integration

Microsoft Office Training	Cloud Computing & AWS/Azure/GCP Training	Cybersecurity Training
<ul style="list-style-type: none"> • Microsoft Word, Excel, PowerPoint, and Outlook training. • Advanced features and tips for productivity. • Integration with other Microsoft and third-party tools. 	<ul style="list-style-type: none"> • Cloud platform-specific training for AWS & Google Cloud. • Cloud architecture, services, and migration strategies. • Developing and deploying applications in the cloud. 	<ul style="list-style-type: none"> • Training in cybersecurity fundamentals and best practices. • Ethical hacking and penetration testing courses. • Certifications like CISSP and Certified Information Systems Security Professional.

Data Analytics and Big Data Training:

- Learning data analysis tools like Python, R, or SQL.
- Big data technologies like Hadoop and Spark.
- Data visualization and dashboard creation.

Artificial Intelligence & Machine Learning Training:

- AI and ML algorithms and frameworks.
- Implementing machine learning models.
- Deep learning and neural networks.

DevOps and Continuous Integration/Continuous Deployment (CI/CD) Training:

- DevOps practices and principles.
- CI/CD pipelines and automation tools (e.g., Jenkins, Docker, Kubernetes).
- Infrastructure as code (IAC) and containerization.

Internet of Things (IoT) Training:

- IoT fundamentals and architectures.
- Developing IoT applications and solutions.
- Security considerations in IoT.

Blockchain and Cryptocurrency Training:

- Blockchain technology and its applications.
- Smart contract development.
- Cryptocurrency and decentralized finance (DeFi).

Robotic Process Automation (RPA) Training:

- Understanding RPA and its applications.
- Automating business processes using RPA tools (e.g., UiPath, Blue Prism).
- Building and deploying bots.

Software Development and Programming Training:

- Programming languages such as Python, Java, JavaScript, and C+.
- Full-stack web development.
- Mobile app development (iOS, Android).

Agile and Scrum Training:

- Agile methodologies and Scrum framework.
- Agile project management and teamwork.
- Scrum Master and Product Owner certification training.

Digital Marketing and SEO Training:

- Digital marketing strategies and channels.
- SEO (Search Engine Optimization) best practices.
- Google Ads and social media advertising.

User Experience (UX) and User Interface (UI) Design Training:

- UX/UI design principles and best practices.
- Wireframing and prototyping tools.
- Usability testing and user research.

Data Science and Business Intelligence (BI) Training:

- Data science techniques for predictive analytics and data modeling.
- BI tools like Tableau, Power BI, and QlikView.
- Data storytelling and dashboard creation.

Virtual Reality (VR) and Augmented Reality (AR) Training:

- VR and AR development platforms and tools.
- Creating immersive experiences and applications.

Why Choose Pertecnica Engineering?

- **Expertise & Relevant Experience:** We have in-depth expertise in the specific subject matter and relevant industry experience. This ensures that the training is not only theoretically sound but also practically applicable to real-world scenarios in the company's specific field.
- **Customization and Relevance of Content:** Our tailored programs that align with the company's objectives, culture, and the specific skill gaps of the employees are highly valued.
- **Measurable Outcomes and ROI:** Our training will lead to tangible improvements in employee performance and productivity, thereby offering a strong return on investment (ROI).
- **Flexibility & Innovative Delivery Methods:** Flexibility in terms of scheduling, format (in-person, online, hybrid), and adaptability to different learning styles. We offer innovative and engaging training methods that keep employees motivated and facilitate effective learning.
